

GULAM MAHDI HASAN

SOFTWARE ENGINEER (Flutter & Full-Stack)

Mirpur DOHS, Bangladesh | contacthasan09@gmail.com | 01660157557

PROFESSIONAL SUMMARY

Highly skilled Flutter developer with expertise in Node.js, Express.js, MongoDB, and Firebase, building scalable, secure mobile and web apps. Experienced in robust architecture design, real-time communication, payments, video/audio calls, and cloud storage. Committed to clean, maintainable code and delivering projects from concept to deployment with optimal performance and user experience. Aspiring to be a leading full-stack developer creating impactful global solutions.

TECHNICAL SKILLS

- **Mobile & Frontend:**
Flutter, Dart, Responsive UI, Material UI, Custom Animations
- **Backend & APIs:**
Node.js, Express.js, REST APIs, JWT Auth, Socket.IO, WebRTC
- **Databases & Cloud:**
MongoDB, Firebase Firestore, Realtime Database, Firebase Storage, Cloud Functions
- **Integrations:**
Google Maps API, Geolocation, Payment Gateways (Stripe, SSLCommerz), Realtime Chat & Calls, Push Notifications (FCM), OTP/SMS, Social Login
- **DevOps & Tools:**
Git, GitHub, Postman, VS Code, Firebase Console
- **Architecture & Concepts:**
Clean Architecture, MVC, API Security, Performance Optimization, Error Handling
- **Other:**
Problem Solving, Debugging, Agile Collaboration

PROFESSIONAL EXPERIENCE

CROSS-PLATFORM APP DEVELOPER

Advanced Apps Bangladesh | Feb 2021 – Dec 2025

- Developed **production-ready Flutter applications** for Android & iOS with scalable Node.js backends
- Implemented **real-time messaging, voice/video calls** using WebRTC & Socket.IO
- Integrated **secure payment systems** using Stripe & Firebase
- Built **authentication systems** with JWT, OTP, and Firebase Auth
- Designed scalable backend architecture with MongoDB & REST APIs
- Optimized app performance, API response time, and database efficiency
- Collaborated with designers, QA, and backend teams to deliver full-cycle products

EDUCATION

B.SC. IN COMPUTER ENGINEERING

UNITED INTERNATIONAL UNIVERSITY, BANGLADESH

HIGHER SECONDARY CERTIFICATE (HSC)
ROYAL MEDIA COLLEGE, MYMENSINGH | 2018
2020

ADDITIONAL INFORMATION

Languages: English, Bengali

Certifications:

- Production-Level Flutter App Development
- Node.js & Express Backend Architecture
- Firebase & MongoDB Integration
- REST API Design & Security
- WebRTC & Socket.IO Real-Time Systems
